PLACE TO FEEL GOOD

Phuket's Big Buddha is one of the most important and revered landmarks on the island. The huge image sits on top of the Hills between Chalong and Kata. The 45 metres tall Statue can be seen from far away.
EXOTIC PHUKET

Elephant Sanctuaries in Phuket have very rapidly become very popular as the attitude towards animal-based attractions changes. The emphasis at these camps is on ethical, animal-friendly interaction with these majestic creatures.

WAT CHALONG TEMPLE

Wats - or Buddhist temples - are among the most important symbols of Thailand, partly because the majority of Thais are Buddhist and partly because they are so beautiful.

ISLANDS AROUND PHUKET

plenty to see and do on Phuket. there are several smaller surrounding islands, each offering unique sights of their own. All are easily accessible by boat. Many have excellent snorkelling and diving sites, nice patches of sand on which to spend a quiet day.
PERFECT LOCATION

When buying a property, it depends mainly on the right location! We have been able to determine this well through our years of market analysis. Chalong is the most popular region for rich emigrants and well-fed Thai people.

Its central location makes it easy to travel to the most famous beaches, to the international airport, to all major shopping malls, to the most popular golf courses, to all tourist destinations and, most importantly, to the best hospitals, international schools and universities in Phuket.
